When a Regional Program Provider operates a classroom identified as a regional classroom or when a LEA operates a class that has been transferred from one regional provider to another, that LEA must offer a contracted service/class.

The following general provisions will govern Regional Program Providers when developing

SELPA San Luis Obispo County

contracts for services:

1. The Regional Program Provider must provide space for any qualified student in a regional classroom. Appropriateness will be determined by the LEA offering regional services, based on guidelines, which are the same for all students.

3. The Regional Program Provider will provide services and invoice Regional Program Consumers.
4. The costs of contracted services will be based on an average student cost in the program operated by the Regional Program Provider unless otherwise specified in a mutually agreed to Individual Service Agreement (ISA). See the Funding Allocation Plan and the SELPA Block Fee template for cost calculations.
5. Agreements between Regional Program Providers and a LEA concerning services for a specific student will be made based on the parameters established by the Individualized Education Program (IEP). All ISAs for each student will be written after the IEP team establishes the student's placement and service(s).
6. On-going student Individual Service Agreements (ISA) shall be completed by the Regional Program Provider and submitted to the Regional Program Consumer no later than October 31 of the current school year, in alignment with the SELPA Funding Allocation Plan.

b. The local method used to distribute federal and state funds to the SELPA RLA/AU and to LEAs within the SELPA: [EC 56205(a)12(D) (ii)(II); EC 56195.7(i)]

The San Luis Obispo County SELPA has a long history of collaborative local decision-making in both service provision and fiscal allocation. When questions of perceived fairness or program quality arise, all concerns are properly brought to the attention of the SELPA Governance Council and to the SELPA Executive Director, and are then formally agendaized for discussion. This process generally leads to a thorough discussion of the questions at hand. Through the SELPA Governance Council, districts are able to engage in a thoughtful review and are provided ample time to provide input, formal recommendations for change, and when appropriate, to take formal action.

The San Luis Obispo County SELPA Local Plan and SELPA Funding Allocation Plan determines how revenue allocated to the SELPA will be distributed to its member LEAs. This outlines which funding sources will be pooled, shared, or distributed to member LEAs. These decisions are agreed to by member LEAs according to meaningful discussions which often include consideration of any potential negative impacts to students, families, and staff, as well as to individual LEAs. Limited special education funding requires our member LEAs to work together to ensure programs exist from our most well-funded to our most rural and remote LEAs.

In the San Luis Obispo County SELPA, it shall be the policy to adopt the annual budget plan in a public meeting and include it with the Local Plan. Further, the SELPA Funding Allocation Plan is revised and adopted each year by the SELPA Governance Council. The SELPA Funding Allocation plan ensures that cost effective services are available for all students within the SELPA. The plan equitably allocates state and federal revenue to the LEAs using the adopted revenue distribution process.

The plan does not create incentive to place students in special education programs. The plan accommodates ADA growth and decline of individual LEAs and the addition of other special education program providers such as charter schools.

The SELPA office prepares and distributes state and federal funds according to the adopted SELPA Funding Allocation Plan. The prior year use of services and the current year SELPA-wide funding is the basis for budgeting. The plan reflects the actual cost of services used by students and each LEA is responsible for paying for services provided to their students through their federal, state, and local revenues. Some services, as noted in the allocation plan, are paid for by all LEAs in the Local Plan. Most state and federal dollars are passed through to the LEAs with the exception of SELPA administrative costs; a percentage of low incidence funding reserved for equipment and service requests; a percentage of funds for a high cost pool; a percentage of funds for a non-public school educational services pool; Preschool Staff Development; a percentage of Preschool IDEA dollars for program support; a percentage of IDEA dollars for program support; Workability program; and dollars to support the alternative

dispute resolution. For all new special education revenues since 2020, the SELPA does not have to attribute indirect cost rates to the AU.

c. The operation of special education programs: [EC 56205(a)(12)(D)(ii)(III)]

Each Local Education Agency (LEA) shall provide special education and related services to all eligible students within its boundaries, including students attending charter schools where a LEA of the SELPA has granted that charter, unless a charter is designated as an independent LEA for special education. Each LEA shall cooperate to the maximum extent possible with other agencies to serve individuals with disabilities who cannot be served in the LEA of residence programs.

Such cooperation ensures that a range of program options is available throughout the SELPA. LEAs may enter into additional contractual arrangements to meet the requirements of applicable federal and state law.

d. Monitoring the appropriate use of federal, state, and local funds allocated for special education programs: [EC 56205(a)(12)(D)(ii)(IV)]

The SELPA Executive Director and the Administrative Unit (AU) shall be responsible to monitor on an annual basis the appropriate use of all funds allocated for special education programs. Final determination and action regarding the appropriate use of special education funds shall be made by the SELPA Governance Council through the annual budget plan process and reflect the principles and policies of the adopted Funding Allocation Plan.

12. Describe how specialized equipment and services will be distributed within the SELPA in a manner that minimizes the necessity to serve students in isolated sites and maximizes the opportunities to serve students in the least restrictive environments: [EC 56206]

Determination of expenditures begins at the Individual Education Program (IEP) level where the IEP team agrees there is a need for special equipment, materials and/or services to provide access to the curriculum and support the learning of an eligible student. The district special education director reviews this identified need. The requesting LEA will research the cost and location of the requested item. Upon receipt of the completed packet, the SELPA Executive Director or designee will review all requests. If requests meet requirements, the requesting LEA will be notified to order the equipment or materials. Information about approved low incidence equipment or materials will be provided to the LEA Special Education Directors. Efforts will be made to support opportunities that serve pupils in the least restrictive environment by using appropriate equipment and materials. The SELPA office keeps an inventory of all items purchased and students to whom assigned. Specialized equipment may be transferred to another educational agency if the pupil no longer needs the equipment or

transfers out of the SELPA. No specialized equipment shall be transferred out of the SELPA without the approval of the SELPA Executive Director. The SELPA Low Incidence Procedurals Manual outlines the processes, requirements, and parameters for specialized equipment access.

16. Fiscal administration and the allocation of state and federal funds pursuant to *EC* Section 56836.01—The SELPA Administrator's responsibility for the fiscal administration of the annual budget plan; the allocation of state and federal funds; and the reporting and accounting of special education funding.

Document Title: Distribution of Federal and State Funds

Document Location: 8005 Morro Road, Atascadero, CA 93422

The San Luis Obispo County SELPA, the AU and each LEA shall establish appropriate record-keeping procedures in accordance with state and federal requirements, maintain accurate fiscal accounting records, and prepare and submit required accounting records in a manner that facilitates requisite audits by a Certified Public Accountant.

The SELPA Executive Director is authorized by the SELPA Governance Council to implement the San Luis Obispo County SELPA policies and specific SELPA Governance Council actions on behalf of the SELPA Governance Council and the SELPA. These responsibilities include, but are not limited to, the signing of official documents, state reports, and authorization of expenditures or distribution of funds as approved by the Governance Council.

The SELPA Governance Council shall adopt a budget calendar and all mandated budget adoption and cost accounting procedures required by law.

The SELPA is required to develop an Annual Budget Plan. The SELPA Governance Council shall conduct the public meeting as required. The purpose of the Annual Budget Plan is to provide the public with an overview of the resources available as allocated within the SELPA.

The SELPA Governance Council shall adopt policies to allocate and distribute funds. All federal and state special education funds shall be allocated to the SELPA AU for distribution to LEAs according to an approved special education funding allocation plan. Any changes to the allocation of federal and state special education funds shall be made by

Section B: Governance and Administration

the SELPA Governance Council.

The San Luis Obispo County SELPA has a long history of collaborative local decision-making in both service provision and fiscal allocation. When questions of perceived fairness or program quality arise, all concerns are properly brought to the attention of the SELPA Governance Council and to the SELPA Executive Director, and are then formally agendized for discussion. This process generally leads to a thorough discussion of the questions at hand. Through the SELPA Governance Council, districts are able to engage in a thoughtful review and are provided ample time to provide input, formal recommendations for change, and when appropriate, to take formal action.

The San Luis Obispo County SELPA Local Plan and SELPA Funding Allocation Plan determines how revenue allocated to the SELPA will be distributed to its member LEAs. This outlines which funding sources will be pooled, shared, or distributed to member LEAs. These decisions are agreed to by member LEAs according to meaningful discussions which often include consideration of any potential negative impacts to students, families, and staff, as well as to individual LEAs. Limited special education funding requires our member LEAs to work together to ensure programs exist from our most well-funded to our most rural and remote LEAs.

In the San Luis Obispo County SELPA, it shall be the policy to adopt the annual budget plan in a public meeting and include it with the Local Plan. Further, the SELPA Funding Allocation Plan is revised and adopted each year by the SELPA Governance Council. The SELPA Funding Allocation plan ensures that cost effective services are available for all students within the SELPA. The plan equitably allocates state and federal revenue to the LEAs using the adopted revenue distribution process.

The plan does not create incentive to place students in special education programs. The plan accommodates ADA growth and decline of individual LEAs and the addition of other special education program providers such as charter schools.

The SELPA office prepares and distributes state and federal funds according to the adopted SELPA Funding Allocation Plan. The prior year use of services and the current year SELPA-wide funding is the basis for budgeting. The plan reflects the actual cost of services used by students and each LEA is responsible for paying for services provided to their students through their federal, state, and local revenues. Some services, as noted in the allocation plan, are paid for by all LEAs in the Local Plan.

Description:

Section B: Governance and Administration

SELPA San Luis Obispo County

Fiscal Year 2023-24

Most state and federal dollars are passed through to the LEAs with the exception of SELPA administrative costs; a percentage of low incidence funding reserved for equipment and service requests; a percentage of funds for a high cost pool; a percentage of funds for a non-public school educational services pool; Preschool Staff Development; a percentage of Preschool IDEA dollars for program support; Workability program; and dollars to support the alternative dispute resolution. For all new special education revenues since 2020, the SELPA does not have to attribute indirect cost rates to the AU.

During the 2022/2023 school year, the San Luis Obispo County SELPA faced a change in the allocation plan for educationally-related mental health services in anticipation of a change in Education Code. Locally, this is called educationally related social-emotional services and supports (ERSESS). With discussion and collaboration across member LEAs, there was collective commitment to ensuring that high quality mental health services and support remain consistent and available to students who require such support through their IEP. Member LEAs, through the SELPA Governance Council, agreed to contribute the necessary funds to keep the service delivery model consistent moving into the 2023-2024 and beyond. An annual meeting will occur each Fall to revisit and analyze the most effective and supportive mental health service delivery and funding allocation model.

Any changes in how dollars currently allocated through the San Luis Obispo County SELPA are delivered in the future shall not disrupt standing agreements that ensure engagement and discussion for the benefit of all students with disabilities within our member LEAs. Any proposed changes will not alter the transparent and collaborative functioning of our local governance process.

It is the intention of the Special Education Local Plan Area (SELPA) to provide a full continuum of services to students with disabilities, including students in charter schools, throughout the geographic region of the SELPA. Access to services is through each of the Local Education Agency (LEAs). The referral, assessment and Individualized Education Program (IEP) process is utilized to identify the needs of each individual student with disabilities. The LEAs have committed to SELPA policies and procedures to assure that students will have appropriate services provided in the least restrictive environment. This includes individuals ages birth through 21.

Nonpublic, Nonsectarian School and Agency Services for Special Education

Document Location:

8005 Morro Road, Atascadero, CA 93422

Each LEA that contracts with a nonpublic agency shall utilize the master contract provided by the SELPA. The SELPA reviews all local non public agency applications (new and renewals) annually to ensure compliance with state requirements.

Each LEA that contracts with a nonpublic, nonsectarian school shall evaluate the placement of its pupil(s) in such schools on, at least, an annual basis as part of the annual IEP review. Prior to placement of a pupil, the LEA that enters into a master contract with an NPS shall conduct an on-site visit if the LEA does not have any pupils enrolled at the school at the time of placement. The LEA representative shall review the master contract, the individual services agreement, and the IEP to ensure that all services agreed upon and specified in the IEP are provided.

Nonpublic, nonsectarian schools are required by the master contract and the IEP to annually evaluate the students to determine if they are making appropriate educational progress. The LEA representative shall

collaboratively review with the nonpublic, nonsectarian school the evaluations conducted by the nonpublic, nonsectarian school to ensure that they were appropriate and valid for assessing pupil progress. The LEA may choose to administer additional assessments as necessary, with parent consent, to determine whether the pupil is making appropriate educational progress.

The NPS is to include in its certification application documentation that it will train staff who will have contact or interaction with pupils during the school day as well as information regarding the credentials/degree/license and experience of the administrator of the NPS.

The SELPA may act as a liaison between the NPS and placing agency/LEA to support supervision and monitoring to include the following:

- Evaluate the educational progress of each pupil placed in a nonpublic, nonsectarian school, including all state assessment results;
- Consider whether or not the needs of the pupil continue to be best met at the nonpublic, nonsectarian school and whether changes to the IEP are necessary, including whether the pupil may be transitioned to a public school setting;
- Monitor progress toward attaining graduation or a certificate of completion.
- Conduct initial and annual on-site visitation for monitoring at the request of the placing LEA.

6. A description of the process by which the SELPA will fulfill the obligations to provide free and appropriate public education (FAPE) to a student age 18 to 21 (or age 22 under the circumstances described in *EC 56026(c)(4)*) who has been incarcerated in a county jail and remains eligible for special education services:

The obligation to make FAPE available extends to those otherwise-eligible adults in county jail, age 18 to 21, who: (a) had been identified as a child with a disability and had received services in accordance with an IEP, but left school prior to their incarceration; or (b) did not have an IEP in their last educational setting, but had actually been identified as a child with a disability. (*EC Section 56040*)

It is the responsibility of the district of residence (DOR) to provide special education services and related services to an adult student in county jail who remains eligible for these services and wishes to receive them. The DOR is the district in which the student's parents resided when the student turned 18, unless and until the parents move to a new DOR. For conserved students, the

SELPA: San Luis Obispo County

Fiscal Year: 2024-25

Each SELPA must adhere to requirements for developing and reporting special education budget revenue and expenditures. The following excerpt is taken from California School Accounting Manual (CSAM): Procedure 755 Special Education on page 755-1 and included to assist the SELPA with completing Section D: Annual Budget Plan information for each LEA participating in the SELPA's Local Plan.

Special education budgets are complex and are of great interest to the public, both locally and statewide. *EC* Section 56205(b)(1) requires that a special education budget shall identify particular elements. Identification of the following elements is facilitated by the standardized account code structure (SACS):

1. Apportionment received by the LEA in accordance with the allocation plan adopted by the SELPA. (The apportionment is tracked in SACS in the resource field in combination with the revenue code in the object field.)
2. Administrative costs of the plan. (These costs are tracked in the function field.)
3. Costs of special education services to pupils with severe disabilities and low-incidence disabilities. (This population is identified by the goal field.)
4. Costs of special education services to pupils with nonsevere disabilities. (This population is identified by the goal field.)
5. Costs of supplemental aids and services provided to meet the individual needs of pupils placed in regular education classrooms and environments. (Costs of these aids and services are tracked in the function field.)
6. Costs of regionalized operations and services and direct instructional support by program specialists in accordance with Part 30, Chapter 7.2, Article 6, of the California *EC*, Program Specialists and Administration of Regionalized Operations and Services. (These costs are tracked in the goal field for regionalized operations and in the function field for instructional services.)
7. Use of property taxes allocated to the SELPA pursuant to *EC* Section 2572. (Property taxes allocated to the SELPA are tracked in the resource field and identified by a revenue code in the object field.)
